Scholarship Application Information

www.iumf.org/scholarships

Scholarship Applications Open December 1, 2017!

The Iowa United Methodist Foundation is excited to announce a new easy to use online only scholarship application process for the 2018-19 academic year. All applications and required documents are now paperless! Not only will students apply online, but all required documents such as essays, references, transcripts, and any other required documents will be gathered online as well.

Follow the Foundation's news and events on Facebook!

Each year the Foundation proudly offers thousands of dollars in scholarships. The scholarships are available to all students of the church pursuing higher education, attending United Methodist Colleges, and following the call to join the ministry. Westmar College Scholarships are available to students who will attend or are attending United Methodist Colleges in Iowa.

Find out which scholarship may be for you by going the Foundation website at www.iumf.org/scholarship. To see if you meet the qualifications select the criteria of the individual scholarship. Please note not all of the scholarships have the same criteria requirements.

Scholarship applications for the 2018-19 academic year will be open from December 1, 2017 March 1, 2018.

Notifications will be sent in May of 2018.

To apply for a scholarship the student will set up an online account to complete the application and all other required information. The student will electronically request all required documentation, including references and transcripts. All of the documents requested by the student will be returned directly to the student account electronically. Simple!

After the student begins the online only application process he/she will be able to return anytime prior the closing date to complete the application process. All unfinished requirement notifications will be sent directly to the student as a reminder to complete the application process. To be considered for a scholarship all applications and requirements must be completed prior the March 1 application deadline.

Due the online only application process the Foundation is unable to accept any applications or required documentation by mail, fax, or email.
