

# Important Update

## CERTIFICATE RATE INCREASE

The Iowa United Methodist Foundation has some great news to share! The Building Fund Trust Program has **increased** rates for our certificates

As of May 1st the rate for the month is as follows:

1 year - 2.10%	<b>*increased .70%*</b>
3 year - 2.30%	<b>*increased .40%*</b>
5 year - 2.63%	<b>*increased .33%*</b>

We are also implementing a new structure to our certificate program. If you invest in a 3 or 5 year certificate, on an annual anniversary basis, if you would like to “reinvest” that same certificate at the new rate for that month you can. If you do choose to take the new rate, your certificate term will restart to the original term length. Should you not wish to take the new rate, your certificate will remain the same and mature at its original term length.

Contact Cassie in the Foundation office for more information or questions.
